

Dear Friend:

Enclosed is ElderSource's 2010 Annual report. In it you will see that, as the area agency on aging for Northeast Florida, we are responsible for managing over \$25 million in state, federal and local funding. This funding is utilized to provide home and community based services to elders and caregivers throughout our seven counties. These services make a real difference in the lives of these elders and caregivers, helping them to remain at home.

Last year, in response to the growing needs of elders and caregivers in our community we restructured and formed two new subsidiaries: Friends of ElderSource and ElderSource in Action. These two not-for-profits have increased our flexibility and ability to be more responsive to these needs.

During these difficult economic times, as part of our responsibilities as the Area Agency on Aging and Aging Resource Center for our region, we continue to serve those elders in greatest need and often crisis. We have been able to help many elders and caregivers through our Senior to Senior Fund, made possible by J. Wayne and Delores Barr Weaver, as well as through Safety Net grants from the Community Foundation of Northeast Florida and the DuPont Foundation and through grants from the Emergency Homeless and Shelter Coalition and the Sontag Foundation. We also recently started a new program called EASE (Emergency Assistance Serving Elders) and Travel Training as well as a consumer fraud prevention education program.

It is our goal to make it easier for elders and caregivers to get the help they need so they can live with dignity and as independently as possible in their homes and community.

We want you to know that we are a resource for you and for others you know. If you or anyone you know should ever need our assistance, you can start here for help. If you have any questions, please do not hesitate calling me. Thank you for your support and interest in our family of ElderSource corporations.

Yours Sincerely,

Linda J. Levin, M.S.G.
